BIDET TOILET SEAT

MFG Model: DB-5500, DB-5600

Before you buy your elongated bidet, you'll need to make sure it will fit on your existing toilet. The process is easy, take your measurements by following these simple compatibility guidelines below:

- 1** The distance from the center of the fixing hole to the front of the toilet bowl must be **at least 18.5"**
- 2** The distance from the toilet tank to the center of the fixing hole must be **at least 1.8"** (recommended distance is 2.4")
- 3** The distance between the center of both fixing holes must be within the range of **5.5" - 7.8"**
