Features and Benefits

Rust and Pollutants Removal

The sediment filter removes rust and fine particles from the tap water.

Saves Water

When compared to other standard shower heads, our spray plate saves up to 50% more water while increasing water pressure.

Negative Ions Shower

The patented, triangular water spray plate holes unleash 421,000 negative ions per 1 cc of water, so you can enjoy both a high-pressured and soft mist spray shower.

Silky Spray Shower

The tiny triangle holes on the spray plate takes water clusters and propels them into a silky spray for that super-soft feeling in the shower.

Super Jet Shower

The spray plate holes are sized 0.33 mm, allowing the water pressure to increase by at minimum, 1.5 times more than a standard shower head's water pressure

BPA Free

Our handheld shower head is made from BPA-free plastic, so you don't have to worry about dangerous and harmful toxins.

When to Replace the Filters

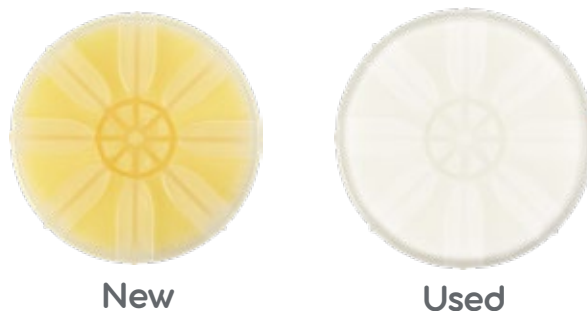

Sediment Filter

Depending on water quality and frequency of use, replace the filter every 1-2 months or when rust and pollutants are visible.

Vitamin Filter

The vitamin filter will slowly deplete after each use and should be replaced after about 2 months. Once the cartridge is empty, simply insert a new one in its place. Replacement cycles depend on the frequency of use and the water quality.

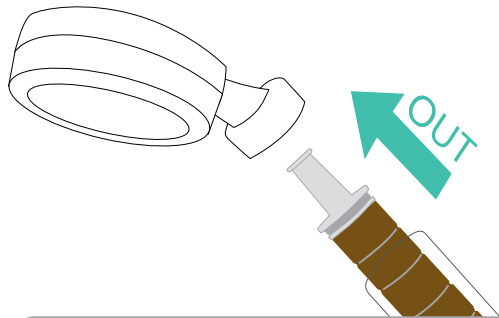

Caution:

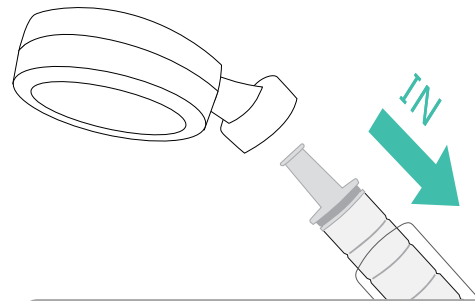

- Avoid direct sunlight and store in a cool, dry location
 - Use only as directed and do not use if you are allergic to Vitamin C or natural aromatic oils
-

How to Replace the Filters

How to Replace the Sediment Filter

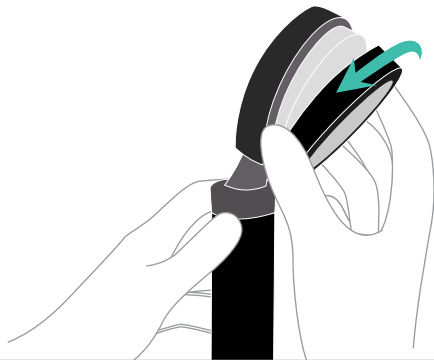

First, remove the shower head by turning it counterclockwise, then remove the used filter.

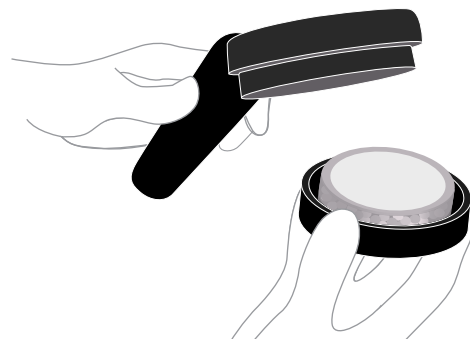

Insert the new filter and reassemble.

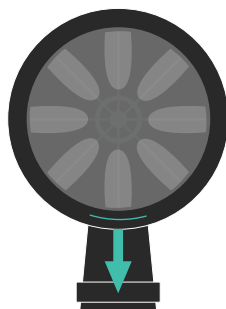

How to Replace the Vitamin Filter

Open the head by turning it counterclockwise and remove the used filter.

Remove the sticker and put the lid on your palm. Place the new filter on the lid and close it.*

*After removing the sticker, make sure the hole is facing downwards toward the shower handle.

Vitamin Filter

Pluo vitamin filters contain pure Vitamin C antioxidants that moisturize your skin and help prevent limescale while removing chlorine and other impurities from the tap water.

Unscented

Want to enjoy all the benefits of the Vitamin C filter without any aromatic scent? If so, this is the filter for you.

Lemon*

Our lemon scented Vitamin C filter will turn your ordinary showers into a refreshing experience you can enjoy every single day. Simply turn on your shower and enjoy!

Lavender*

Did you know lavender can help you feel calm and relaxed? Our lavender scented Vitamin C filter can turn your shower into a relaxing and peaceful getaway.

*The lemon and lavender filters are not included and must be purchased separately.

Product Features

Handheld Shower Head

Ergonomically designed to comfortably fit in your hand and wash those hard to reach places. The modern design seamlessly blends in with any bathroom decor.

Spray Plate

Made of 304 stainless steel with 285 precision cut micro laser holes that help conserve water while propelling a high powered spray.

Sediment Filter

Designed to filter fine particles as small as 5 microns, including rust and other impurities.

Vitamin Filter

Removes chlorine from your tap water and provides Vitamin C antioxidants to keep your skin and hair feeling healthy and smooth, while gently emitting a pleasant aroma.

Caution

1. Use only tap water. The use of industrial water or heavy water may cause skin damage and/or dermatitis.
2. Check for leaks in the joint areas after installation. Insert a rubber gasket in the joint areas to prevent leaks.
3. Use only for showering and washing purposes.
4. Do not submerge the shower head in the bathtub or basin for prolonged periods of time.
5. Do not use excessive force when assembling the shower head.
6. Discontinue use if the shower head is broken.
7. Do not use benzene or paint thinner when cleaning the shower head.
8. Avoid direct sunlight and store in a cool, dry location.
9. Use only as directed and do not use if you are allergic to Vitamin C or natural aromatic oils.

PRODUCT WARRANTY CARD

- We warrant our products to be free from manufacturing defects under normal use and service for a period of one (1) year from the date of purchase. This warranty is provided to the original purchase and cannot be transferred. If the product is used for business and/or commercial purposes, the warranty is void.
- If the product has a defect, please contact Barumi.
